2 SIDED SANDING PAD

PRODUCT DETAILS & SPECIFICATION

Foam Colours:

Sanding pads are available in yellow or grey foam. All our foam is high quality and manufactured in the UK.

Abrasive:

Aluminium Oxide or Silicon Carbide abrasive in sizes 36 to 220.

Shapes:

There are several standard shapes; all are coated with abrasive on 2 sides.

Standard Yellow foam

Size: 123mm x 98mm x 12.5mm.

Standard Grey foam

Size: 123mm x 98mm x 10mm.

Large 'Orbital' pad

Size: 284mm x 113mm x 12.5mm.

Brand Printing:

We offer high resolution colour printing of your brand name and logo directly onto the sanding pad foam surface. We can also print the grit size to help the user identify the pad during use.

Packaging:

2-sided sanding pads are available in cost effective bulk pack boxes of 250-500 pieces. Alternatively, we offer customer specific packaging such as individual colour card sleeves, display cartons or shrink wrapping.
